The Gillit Family

Church Planting in the UK

Thank You for Praying for Camp Victory!

A special thanks to everyone who prayed for Camp Victory! God truly blessed and gave us our best camp yet. We had more young people in attendance and more trusting Christ for salvation than any other year to date. We were especially thrilled to see a young man named Jordan come to Christ. Ashlie and I have been working with him for several years, and he has been very resistant to the Gospel in the past, but since his conversion, has been full marked by a different spirit and new desires to serve Christ. He even came to our open-air evangelism in

Birmingham this past Saturday. Please pray for Jordan and many of the other young people whose lives were changed at Camp Victory this year!

A Spiritual Harvest

We are fast approaching the one-year anniversary for East Birmingham Baptist Chapel. As we look back over the past year, it has been amazing to see God's goodness towards this church-plant in a majority Muslim area of Birmingham. Last week, we celebrated Harvest Sunday to thank the Lord for His blessings and provision on this new ministry. On the day, we were thrilled to have a record number of children in our Sunday School, and several parents came along as well to see their children quote Scripture and sing Bible songs. Pray for us as we approach our anniversary in November. There are many children and adults who attend regularly who need to be saved, and many young Christians who need to grow in Christ! We are so glad to be involved in this work, and we hope you will daily pray for us.

New students at Crown Hall

In addition to church-planting, we are also heavily involved in training labourers at Crown Hall. Zach serves as Academic Director at the Hall and has been working to develop new courses for our first 2nd year students! Tristan and Danny came to Crown Hall last year as our first British students in the Gospel Apprenticeship Programme and have decided to stay on to complete a degree and train for the full-time ministry. We are also excited to have two new British students, Joanna and Rosie joining us, as well as 10 students from Crown College in the USA. Zach has been very busy directing the other instructors and also teaching two classes to our 2nd year students. Please pray for us as we train this next generation of labourers and pray for more labourers to come to Crown Hall next year!

Family Update

God has been good to our family recently. Ruth just celebrated her fourth birthday and loves memorising Bible verses and being in the Sunday School. Both Ruth and Lydia were blessed to receive their British citizenship. Please pray that both of our girls would come to trust Christ for salvation and devote their lives to serving Him!
