## Church Planting in the UK

---

### **Church Planting Still Works!**

Thank God for all He is doing at the newly-planted East Birmingham Baptist Chapel. As you know, God has given us a building, free of charge, in England's second-largest city, near one of the largest Muslim communities in the UK. According to birth records, the most popular name for babies born in Birmingham is Mohammed. There is a great need to reach this vast community with the Gospel of Jesus Christ. God has been blessing our services over the past month or so. We were thrilled to have over 20 people the past two Sunday mornings, over half of whom were children. Please pray for people like Danny and Amelia, who are attending every week but have not yet been saved! The Lord has also sent new children into our Sunday School and Friday Kid's Club since the New Year, with around 20 children attending the various children's functions we hold throughout the week. Please pray that God will give us more favour with the parents of the estimated 280,000 children in Birmingham to bring them in and tell them of the Saviour!
